JOB EXPERIENCE

UX DESIGNER: COMPANY IN BRASIL 2013 - 2015
(www.adddmob.com.br)
In this company I worked creating new design solutions for older systems, as well as creating the design of the new company applications mobile. We created a system to financial control, mobile application for restaurants, and other small applications to troubleshoot some companies.

UX DESIGNER - WEB DEVELOPER: Freelancer 2012 - currently
I also work as a freelancer, creating sites for some companiesi.

AWARDS

BESTE SITE OF MINI-CURSE - IN COLLEGE

I did a mini course on creating websites in college at the end of the course, each person should create a website about a particular product, and my site was voted best site.
